

Flexiducting & Tubing Ltd

Exhaust Hose – Type ASB

Design:

Multi-sided, double interlocked profile

Material:

Order NO. 700	Galvanized steel strip, heat resistance up to 400 °C
Order NO. 822	Stainless steel, heat resistance up to 650 °C

Special materials on request

Characteristics:

The standard winding technique results in high tensile strength and resistance to crushing, impact and mechanical stress. It also guarantees absorption of axial, lateral and angular vibrations and is able to smooth out fitting tolerances.

Application:

Engine exhaust systems

Delievery:

Fixed lengths or fixed lengths with end fittings according to customers' requirements respectively production lengths.

How to order:

S35XXX –	XXX
Order NO., see data sheet	Material

Flexiducting & Tubing Ltd
